## RV 4G

weBoost brings you seamless, uninterrupted cellular connectivity in your parked RV. Your cell phone is an essential part of your life. You depend on it to stay connected to everything important - family, friends, work.

The weBoost RV 4G™ cellular signal booster is a simple, effective solution to maintain continuous communication for all cellular-enabled devices – smartphones, tablets, etc - in your parked RV.

Installation is straightforward and can be completed with minimal tools. A step-by-step video guides you through connecting two antennas to the booster. The antennas communicate with cellular devices and the cell tower for the strongest, most powerful signal possible.

weBoost amplifies signals to improve coverage—including 4G LTE— no matter your cellular carrier in the United States and Canada. The RV 4G comfortably handles multiple simultaneous connections across multiple carriers, providing effortless voice and data communications for all users.

# BOOST YOUR CELL SIGNAL

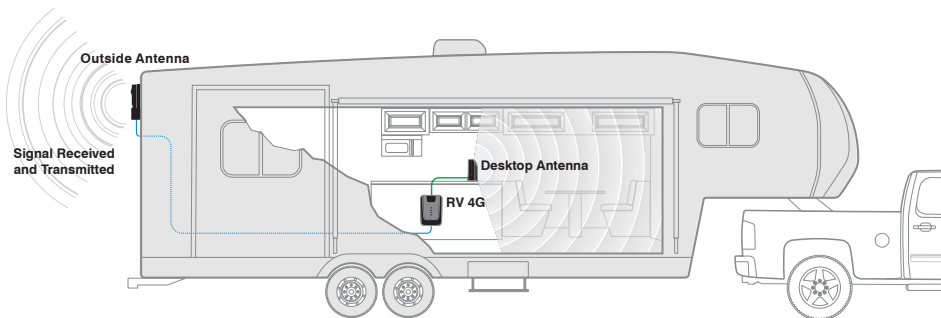

In Your RV

## RV 4G™ • model 470201

Kit includes booster, indoor antenna, outdoor antenna, power supply, and cables.

FREQUENCY	BAND 17	700 MHz
	BAND 13	700 MHz
	BAND 5	850 MHz
	BAND 4	1700/2100 MHz
	BAND 2	1900 MHz
MAX GAIN	60 dB	
POWER REQUIREMENTS	110-240 V AC, 50-60 Hz, 8 W	
CONNECTORS	SMA-Female (inside antenna) / F-Female (outside antenna)	
DIMENSIONS	6.375 x 1.125 x 4.35 in / 16.2 x 3.5 x 10.6 cm	
WEIGHT	0.4 lbs / 0.18 kg	

## BENEFITS

- Stronger cellular signal throughout RV
- Fewer dropped calls and lost connections
- Faster data downloads
- Longer battery life – up to 2 hours longer talk time

## FEATURES

- Boosts voice & data signals
- Works with all cellular carriers
- All needed components included in kit
- Works with virtually all smartphones and mobile hotspots
- Simple installation
